682 responses

Brief report of feedback analysis

Feedback is an important tool for promoting personal and professional growth. It provides us positive criticism for the betterment of the whole education system. From the last few years IQAC of the college is evaluating the whole experience of the students about their classes, the faculty, the curriculum, the facilities etc. through feedback form. Here is the brief report which is analysed on the basis of the responses of 50% students.

1. Related to Subject:

97.3 percent students are fully satisfied with the curriculum of their subjects, as it is tailored to the interest and practical needs of the students. Class presentations enrich their knowledge as they try to obtain detailed information. According to 76.3 % students the curriculum is easy and 98.1 % students stated clearly that our teachers are highly motivational and complete their syllabus with full dedication. According to 90.8 % students, teachers thoroughly introduce the subjects and its utility before the class starts.

2. Co-curricular Activities:

Apart from teaching, extra curricular activities such as computer, yoga, tae quan do etc. organised by the college. More than 50% of students accepted that it helps them in all round intellectual, mental and physical development. Approximately 50% of students accepted that activities organised under NSS, Disha wall magazine, Vistar, Green Brigade and Swavlamban are useful and effective for them.

3. Related to Faculty:

63.2% students believe that the supporting material along with teaching like charts, photographs, printouts, internet links etc. helps to understand and grasp the subject easily. More than 95% respondents expressed their views that they learnt time management, power of expression, language, sensitivity for values etc. from their teachers. Teachers also

inspire for developing positive attitude and to face difficulties in life, physical and mental consciousness etc.

4. Related to Library:

More than 60% students seek help from the reference books , encyclopaedias, magazines etc.available in the library in relation to their course material.

5. Related to Office:

62.1% accepted that college staff provide them proper information .47.2% admitted that college provides them scholarships also, on the basis of eligibility criteria .

6. E-learning Cell:

College provides internet facility and 66.2% students accepted that they got information about their subjects through e-learning .

7. Facilities available in College:

More than 90% students admitted that the toilets in the college are clean .Classes are also neat and clean . Adequate drinking water is available in the college .Canteen is also available but it lacks space and variety of food items.90% students admitted that college redress their grievances.

8. Related to Career guidance:

Approx 92.1 % students participated in career guidance activities organised by the college throughout the session and accepted that it had benefited in their career planning.

9. College Environment:

92% of students accepted that there is religious harmony in college.

10. Related to Laboratory:

More than 90% students stated that teachers provide proper guidance for exams and their laboratories are in good working condition.

Suggestions:

For making the institute best even better, the suggestions part of the feedback is very important and it also reflects the healthy communication flow . Here are few suggestions given by students :

1. Academic activities:

- Semester system should be removed. It is not good .As it provides us less knowledge.
- We should have an audio visual class once a week.
- There should be a MA in English and B.Ed course in the college.

2. Faculty:

- Principal should take one interaction class with students.

3. Co-curricular Activities:

- Computer courses should be conducted for students in free time.
- Yoga classes should be organised.
- College tours should be planned.

4. Infrastructure in the college:

- Computer services are good in college but improvement is needed.
- Sitting space for students in free lectures is required.
- Canteen should be more clean and hygienic. It should have more eatable items.
- Number of toilets and water supply facilities should be increased. Hand wash should also be kept outside toilets.
- Number of seats should be increased in science section classrooms.
- Bigger classrooms are required for M.A. Drawing and painting students.
- Playground and garden is needed in the college.
- Projector is needed for every classroom specially for M.A. Drawing and Painting students.
- More fans are required in classrooms.
- There should be more smart classrooms in the college.
- Many students are coming from far away villages so college should start bus facility also.

5. Library:

- It should be bigger.
- More books should be available in the library.

6. General atmosphere:

- B.Sc students mentioned that the cleaning of classroom and chairs should be wiped regularly in the morning.
- Use of mobile should be allowed in classrooms.
